

Reference : C26-L107	Role : Live-in Carer (Female)
Type : Live-in	Duration : 2 weeks on / 2 weeks off
Location : Stoke Newington	Salary : £150 to £180 / day

Job Description

Two experienced female live-in carers are required to support an elderly client on a rotational basis. This is a self-employed role and may suit candidates seeking a longer-term placement.

The carers will work 2 weeks on / 2 weeks off, alternating with each other so that continuous support is maintained. The successful candidates will be patient, compassionate and reliable, with strong dementia care experience and confidence in moving and handling.

You will provide personal care and day-to-day assistance, work closely with the family, and communicate well with your rotational partner to ensure a smooth handover between shifts.

Key Responsibilities

- Providing respectful, dignified personal care and companionship
- Supporting an elderly client with dementia and mobility needs
- Assisting with moving and handling in line with current training
- Helping with day-to-day routines and household assistance as required
- Working collaboratively with the family and the other rotational carer
- Maintaining clear handover notes and communication between rotations

Key Requirements

- Good experience in dementia care
- Experienced and confident in Moving & Handling, with a current certificate
- Experience supporting elderly clients with mobility needs
- Confident with personal care and day-to-day assistance
- Patient, compassionate and reliable, with good communication skills
- Able to work well with the family and a rotational partner
- Valid DBS check and excellent references
- Right to work in the UK
